Work Experience

Digital Specialist Engineer, Infosys, Toronto, Canada

March 2018 - Present

- Utilized React frameworks to create interactive, responsive, and user-friendly web applications.
- Optimized websites for maximum speed, performance, and scalability, while also ensuring compatibility with various browsers and devices.
- Developed and maintained reusable UI components by wrapping third-party UI library components.
- Investigated and resolved technical issues related to front-end development.
- Participated in code reviews, feature planning, and design reviews.

Senior Systems Engineer, Infosys, Mangalore, India

June 2014 - March 2018

- Developed front-end user interfaces for several complex web applications with Angular, HTML, CSS, and TypeScript.
- Troubleshoot and resolved complex technical issues promptly.
- Participated in the full software development life cycle, from requirements gathering to final deployment.
- Collaborated with designers and back-end developers to ensure a successful integration of web applications.

Education

Bachelor of Engineering, Vishvesvaraya Technological University, India (Mechanical)

August 2010 - May 2014

CGPA: 9.47/10
